

What?

Talks - Workshops - Hackathon

Where?

All over Stockholm

Who?

Talks

AI for simulating human game play

Monday the 14th of May at 18:00

Philip Eisen

AI-engineer at King

Where

King Sveavägen 44

Probabilistic AI for regression

Tuesday the 15th of May at 18:00

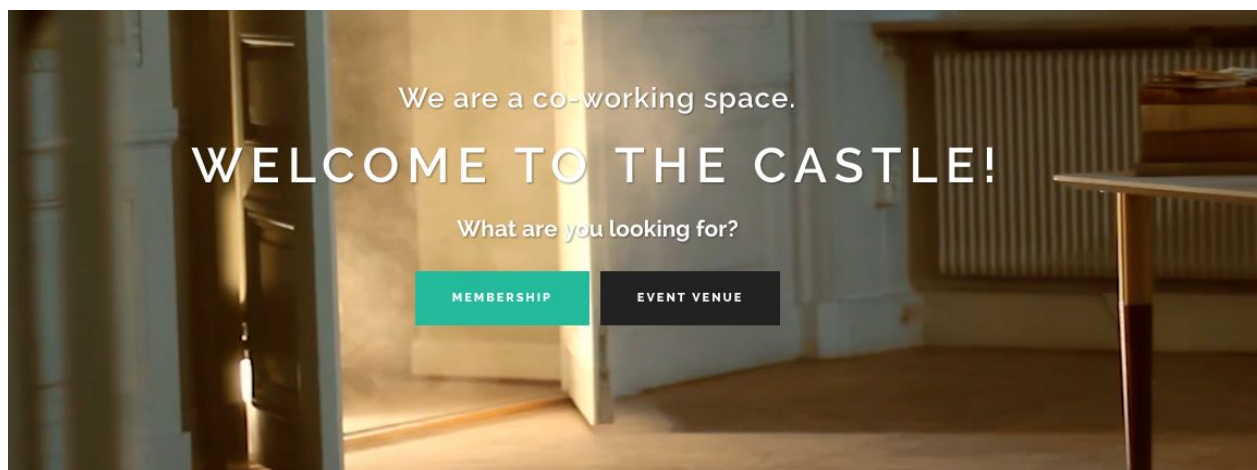

Sebastian Haglund El Gaidi

AI-engineer at Greenlytics

Where

The Castle
Slottsbacken 8:a

Neural Architecture Search

Wednesday the 14th of May at 18:00

Amir Hossein Rahnema

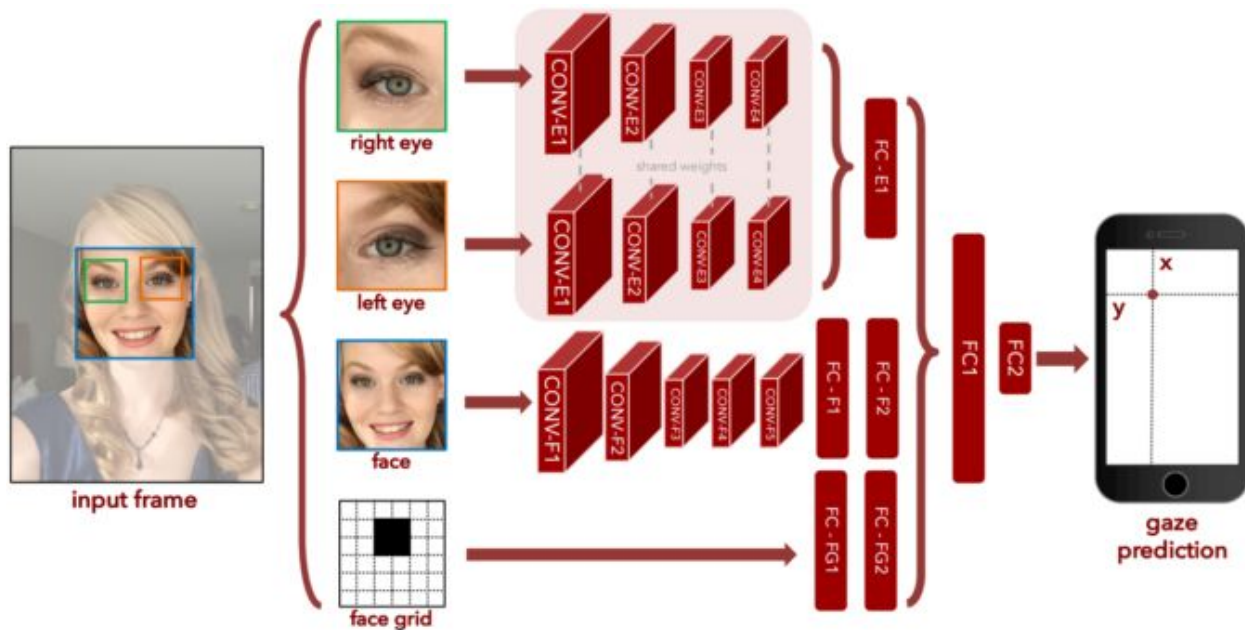

Data Scientist at Iteam

Where

A-house

CNNs for eye tracking

Thursday the 16th of May at 19:00

Linus Härenstam-Nielsen
Machine Learning Master student. at KTH

Where
Universes

AI for good

Time: Saturday the 19th of May at 14:00

 **Effektiv Altruism Sverige**

Markus Anderljung, Robert Shepherd
Effektiv Altruism Sverige

Location

The Castle Slottsbacken 8:a

Workshops

Building Machine Learning Models

Monday the 15th of May at 17:00

Mikael Huss

Location

Peltarion

Bridging the Gap: Applying AI to Industry Challenges

Tuesday the 15th of May at 17:00

Julia Delin, Birger Moëll

Location

Most Studios

<http://www.moststudios.com/>

AI in production
Running your models in the cloud

Wednesday the 15th of May at 17:00

Anton Osika

Machine Learning Engineer
Sana Labs

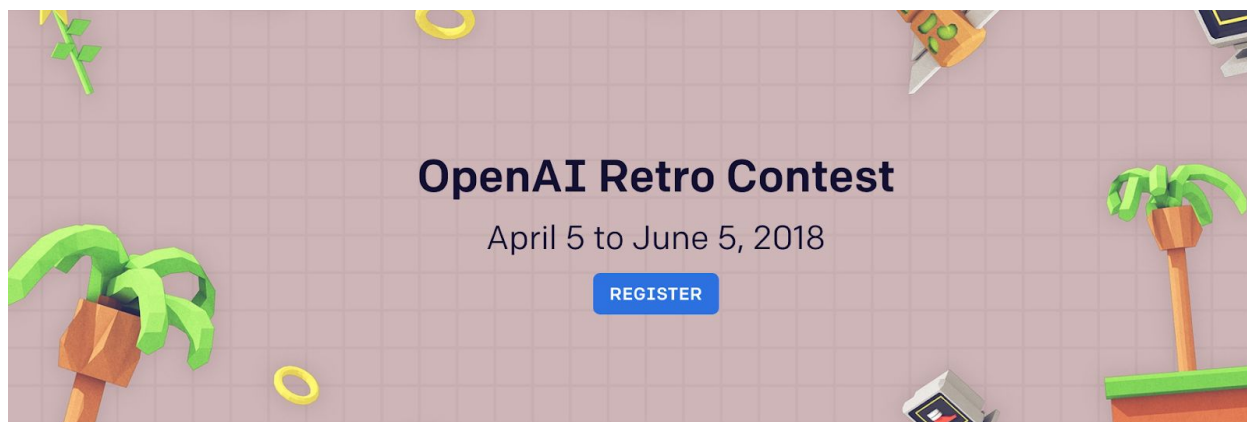

Location

Alma
Nybrogatan 8

Hackathon

Transfer learning Open AI

<https://contest.openai.com/>

48 hours

Time: Friday the 18th of May at 17:00 to Sunday the 20th at 17:00

Where

The Castle Slottsbacken 8:a
